

2017–2018 SELF GRADUATE FELLOWSHIP PROFILE

The Madison and Lila Self Graduate Fellowship offers a special opportunity for students seeking a Ph.D. at the University of Kansas. The fellowship seeks students with attributes that will put them on track to make a difference in the world and in their professions.

Self Graduate Fellows for 2017–2018 will receive \$30,500 each year for four years. Payment is through appointment as a graduate research assistant, or occasionally as a graduate teaching assistant. The fellowship covers tuition, fees, and the employer’s share of student health insurance costs. Over the four years, fellows have access to a \$5,500 professional development award. All fellows also participate in the Fellow Development Program. The total value of the four-year doctoral fellowship exceeds \$175,000.

The Fellow Development Program is a distinctive feature of the Self Graduate Fellowship. It provides education and training in communication, management, innovation, and leadership to assist Self Graduate Fellows in their preparation for future leadership roles; complementing the specialized education and training provided in Ph.D. programs.

This year 34 Self Graduate Fellows are pursuing Ph.D.s in four schools and 16 departments at the University of Kansas. The current Fellows are among 178 students who have benefited from the fellowship since it was established in 1989.
